

DEMOCRACY IN ACTION

A STATUSNOW4ALL AND LEAP PROJECT IN PARTNERSHIP WITH PHOENIX - LONDON, SOUTH & EAST

Democracy in Action, an SNN/ LEAP project in partnership with Phoenix - London, South & East, is for Greater London-based people with insecure or precarious immigration status, as **right-bearers**, and the organisations that support them. It will strength **social citizenship** and **civic leadership** through shared learning and real-world **democratic advocacy**—connecting and bridging living experiences to decision-makers to bring about change.

Join Democracy in Action—a welcoming six-month in-person programme for people with insecure or precarious immigration status. By taking part, you will:

- Build confidence and find your voice in a supportive group that values your lived experience
- Understand your rights and how local and national decisions are made—so you can engage safely and effectively
- Enhance your practical advocacy skills (influencing, campaigning and lobbying) that you can use in real life
- Connect with allies and build relationships with organisations and decision-makers
- Turn what matters to you into action by shaping shared priorities and taking them directly to the places where decisions are made
